

# DAY CAMP DRAWING

## INTERACTIVE CREATIVITY

Let's mix in a little balloon fun with the **Art of Drawing Faces** on balloons. This program is designed for older kids and includes all supplies. This fun program teaches kids and teens how to use their imagination and expanding their drawing skills while developing better hand and eye skills.

**Creativity and social interaction** are twisted together allowing campers to explore the creative world of drawing. You will hear campers respectively interacting and sharing ideas as they spread out across the room as their mind go into creative mode, and you will notice heads popping up from looking down to actively listen to new drawing ideas being presented by Dale.

Performing since 1988, Dale's personality and camper interaction never fail to win over even the most demanding, hard-to-please campers.

Request this experience at your park district.

**Call Dale at (708) 744-0234** to book your camp entertainment.
