

# Summer Fun Show

Comedy, music, and art twisted together to make the imagination soar when you watch the ordinary transform into extraordinary. You'll hear the oohs and aahs from the audience as glowing balloons twist, twirl, and whirl. Choreographed to music you'll see long balloons, short balloons, and even balloons with holes in them transform into large scale art. It's impressions, expressions, and symbolize, and realism, but it never pop art!

Using audience participation, hilarious improvisation, and great comic dialogue, Dale Obrochta intertwines a dynamic mix of skill and style.

Performing since 1988, Dale's comedy and artistry never fail to win over even the most demanding, hard-to-please crowds.

## Three options to choose, for 3 different budgets!
